And does your policy state that you are also insured for the Abroad clause? Then you will receive an additional reimbursement for non-emergency care in Belgium and Germany from this package. The Abroad clause only applies if this is stated on the policy.

Non-emergency care in Belgium and Germany:

- b for care provided in the remaining part of Belgium or Germany you are entitled to a reimbursement of up to 100% (in addition to the reimbursement through your basic health insurance) of the maximum rate set at the time of treatment under the Healthcare Market Regulation Act (Wmg) if the care is provided in the Netherlands would have been granted. If and insofar no (maximum) Wmg rates have been set, you are entitled to reimbursement of the costs up to a maximum of 100% of the prevailing market rate in the Netherlands in addition to the reimbursement through your basic health insurance (together 200%).

Conditions for reimbursement

- 1 We only reimburse the costs if we would also reimburse these in the Netherlands from the basic insurance and if the claim amount exceeds the reimbursement from the basic insurance.
- 2 The treatment must take place with recognized (or equivalent) care providers.

Are you entitled to non-emergency care abroad under the basic insurance? Then the reimbursement applies as a supplement to the basic insurance.

Are you being admitted to a hospital? Then the reimbursement is limited to a reimbursement of the costs of a maximum of 365 days per case of illness. By illness we mean: any uninterrupted need for medical treatment, which results from the same cause of illness or the same accident.

Additional Hospital Extra Insurance

With the Hospital Extra Insurance you are entitled to reimbursement of the costs of staying in a single or double room when staying in a hospital in Belgium and Germany, while this is not medically necessary. You can see on your policy schedule whether you have taken out an Extra Insurance Hospital.

1. Comfort facility for hospital stay in Belgium or Germany

Are you 18 years or older and are you staying in a care institution in Belgium or Germany? And are you receiving medical treatment there that we have contracted? Then we reimburse the extra costs that the care institution charges for staying in a single or double room. We also reimburse the costs of a possible fee supplement. If the single or double room is not available to you, we reimburse € 70 per day that you stay in the hospital (the so-called daily allowance). We then reimburse up to a maximum of € 4.900 per calendar year.

Are you staying in a care institution in Belgium or Germany? And are you receiving medical treatment there that we have not contracted?
