General terms and conditions

Article 1 Insured health care

1.1 Content and scope of the insured health care

Your additional insurance entitles you to (compensation of the costs of) health care as described in these insurance policy terms and conditions.

1.1.1 Collective health insurance agreement

The provisions of the collective agreement prevail if and insofar as they deviate from the conditions stated in these insurance policy terms and conditions. If those provisions no longer apply to the person covered by the insurance policy, then the provisions of the individual contract will be applicable again.

1.2 Medical need

You are entitled to (compensation of the costs of) health care as described in these insurance policy terms and conditions, provided you, within all fairness, rely on the content and scope of the type of health care and provided the type of health care is suitable and effective. The content and scope of the type of health care is partly determined by what the health care providers concerned 'usually provide'. The content and scope is also determined by the current level of scientific developments and standard practices, as defined using the Evidence Based Medicine (EBM) method. If there is no current level of scientific developments or no known standard practices, then the content and scope of the health care is determined by what is considered responsible and appropriate care within the field concerned.

1.3 Health care providers

Your health care provider must meet certain conditions. These conditions are statutory for many health care providers and generally, their medical title is protected by law. This is the case, for example, for a general practitioner, medical specialist, dentist, physiotherapist and health care psychologist. The conditions to be met by a health care provider for whom we have set supplementary conditions can be found in the relevant health care article.

For a number of types of health care, we have contracted, appointed or recognized certain health care providers. You will receive no or reduced compensation if you use a non-contracted, non-appointed or non-recognized health care provider for these types of health care. This will be specified in the relevant health care articles. For the other types of health care, you are free to choose a health care provider provided that the other stipulations in these insurance policy terms and conditions are met.

An overview of the health care providers who have been contracted or appointed by us and of the compensation awarded for non-contracted health care providers is available on our website or can be requested by telephone. The recognized health care providers are listed in the relevant health care article. We have made specific agreements with some health

care providers. They are our preferred health care providers. Preferred health care providers are specified in the relevant health care article.

1.4 Compensation of the cost of health care

You are entitled to compensation of the cost of health care up to the maximum Health Care Market Regulation Act rates applicable in the Netherlands. If no Health Care Market Regulation Act rates apply, the costs will be reimbursed up to a maximum of the reasonable market price applicable in the Netherlands. If you receive health care from a health care provider who is contracted by us, then the costs of the health care are reimbursed based on the rate which has been agreed with the health care provider concerned.

If you receive treatment from a non-contracted health care provider, then it is possible that you will not be reimbursed or that you will receive less compensation. You can find more information in the relevant health care article or you can request further details.

If there is a budget for a certain type of health care, then the total compensation will not be more than the maximum amount of the budget stated in the relevant health care article.

1.5 Claiming compensation

Many health care providers send their invoices directly to us. If you receive an invoice yourself, then you can submit it online via My Aevitae.

You can also complete a declaration form and send this to us together with the original invoice. We do not accept copies of invoices or reminders. It is important that the invoice includes the name of the person covered by the insurance policy, the treatment, the date of the treatment, the invoice amount and the signature of the health care provider. The invoice must be itemized in such a way that it is immediately clear to us what compensation we have to pay. You can submit invoices up to three years after the start of the treatment.

Foreign invoices must have detailed specifications and be written in English, Spanish, French or German. If we deem it necessary, we can request you to have an invoice translated by a sworn translator. We will not reimburse you for the cost of the translation.

1.6 Direct payment

We have the right to pay the costs of health care directly to the health care provider. As a result, you have no right to compensation.

1.7 Settlement of the costs

If we pay the health care provider directly and pay more than we are obliged to pay or the costs of the health care are to be met by yourself, then you, as the policy holder, owe us the costs of the health care. We will charge you for these costs at a later date. You will be obliged to pay these costs. We can settle these costs with compensation still owed to you.

1.8 Referral, prescription or permission

For some types of health care, you require a referral, a prescription and/or prior, written permission which shows that you require the health care. You can find more information in the relevant health care article.

If a referral or a prescription is required, then you can request this from the health care provider stated in the article. This is usually the general practitioner. If permission is required, then you require our permission prior to receiving the health care. This permission is also referred to as authorization.

Contracted health care provider

If you receive health care from a health care provider who is contracted by us, this provider will assess for us whether you meet the requirements. For some types of health care, it has been agreed that we will assess the request for care ourselves. In that case, the health care provider will send us the request. If, for privacy reasons, you do not wish your request to be assessed by your health care provider, then you can also submit your request directly to us.

Non-contracted health care provider

If you receive health care from a non-contracted health care provider, then you must request permission from us to do so prior to receiving the health care.

1.9 Derived rights

You are entitled to (compensation of the costs of) health care if the treatment or delivery takes place during the term of

the supplementary insurance. If treatment takes place over the course of two calendar years and the health care provider is allowed to send one total invoice (diagnosis-treatment combination), then the costs will be reimbursed provided the treatment commenced within the term of the supplementary health insurance.

When these insurance policy terms and conditions refer to a (calendar) year, then the actual date of treatment or date of delivery stated by the health care provider determines the (calendar) year to which the costs involved should be attributed.

1.10 Exclusions

There is no right to health care or reimbursement of health care costs:

- 1.10.1 That are related to illnesses or abnormalities which existed before or during the time at which the insurance policy was taken out and which the person covered by the insurance policy knew of or should have known of or which he was experiencing the symptoms of and which Aevitae was not informed of in writing. This exclusion does not apply if and insofar as the insurance came into effect without medical or dental screening;
- 1.10.2 Of written certificates, administrative costs, costs of appointments not kept or costs incurred as a result of late payment of health care providers' invoices;
- 1.10.3 Incurred as a result of gross negligence or intent;

- 1.10.6 That could be claimed under another insurance policy, whether or not of a previous date or under any law or other provision provided the insurance coverage is not available from Aevitae. In that case, this insurance policy is the last insurance policy applicable. Only the costs which exceed the amount the person covered by the insurance policy could claim elsewhere will be eligible for reimbursement;
- 1.10.7 That can be claimed or could be claimed under the Health Care Insurance Act if you are obliged to be insured according to that law;
- 1.10.8 Caused by or resulting from armed conflict, civil war, uprising, civil disorder, riots or mutiny;
- 1.10.9 Caused by, incurred during or resulting from nuclear reactions, irrespective of how they came about. This exclusion does not apply in the case of damage caused by radioactive nuclides situated outside a nuclear facility that are used or intended to be used for industrial, commercial, agricultural, medical, scientific or security purposes, provided there is a valid permit issued by the national government for the manufacture, use, storage and disposal of radioactive substances (in this context, a 'nuclear facility' is a nuclear facility as defined in the Wet Aansprakelijkheid Kernongevallen (Nuclear Incidents (Third Party Liability) Act). The stipulations of the previous sentence do not apply insofar as a third party is liable under Dutch or foreign law for the damage sustained;
- 1.10.10 Or compensation for damage indirectly resulting from acts or omissions by Aevitae.

1.11 Entitlement to (compensation of the costs of) health care and other services as a result of terrorist actions

The following rule is applicable if you require health care as a result of one or more terrorist actions. If the total amount which is claimed in one year from damage insurers, life insurers or funeral insurers is greater than, according to the Nederlandse Herverzekeringsmaatschappij voor Terrorisemeschaden N.V. (NHT) (Netherlands Reinsurance Company for Terrorism Losses), the maximum amount which this insurance company reinsures per year, you are only entitled to compensation of a certain percentage of the costs or of the value of the health care. The NHT determines this percentage. This applies to damage insurers, life insurers and funeral insurers (including health care insurers) to whom the Wet op het financieel toezicht (Financial Supervision Act) is applicable.

The exact definitions and stipulations with regard to the aforementioned entitlement are included in the Clauses Sheet Terrorism Cover by the Dutch Reinsurance Company for Terrorism Losses.

We will also reclaim any compensation which has been paid to you.

The consequence of fraud is that we will register your personal details and the personal details of any accomplices or co-fraudsters in the Incident Register of the health care insurer. This Incident Register is registered with the Dutch Data Protection Authority (AP) and is managed by the health care insurer.

We may also register your personal details and the personal details of any accomplices or co-fraudsters:

The health care insurer may also report fraud to the police, the justice department and/or the Fiscal Information and Investigation Service/Economic Investigation Service (FIOD-ECD).

The consequence of fraud relating to an insurance policy you have with us is that your supplementary insurance policy and any (damage) insurance policy you may have with Aevitae or the health care insurer may be terminated. You will then not be able to agree any supplementary insurance policy or any damage insurance policy with Aevitae or the health care insurer for a period of 8 years.

3.3.4 If you have authorized Aevitae B.V. to write off excess or other amounts by direct debet from your account, you (policyholder) will receive a notification of the direct debet by us. We try to send this notification to you (policyholder) a few days before we collect the outstanding amount.

If you do not pay within the time of 14 days stated, we can suspend your coverage. In that case, there is no right to (compensation of the costs of) health care from the last premium payment due day before the reminder. In the event of the insurance coverage being suspended, you are still obliged to pay the insurance premium.

3.5.2 In the event of non-timely payment, we also have the right to terminate any supplementary insurance policies. In the event of termination, the supplementary insurance can be reinstated after payment of the outstanding amount and any additional costs. You will have to apply for this reinstatement in writing within one month after you have paid all of your

outstanding costs. Your supplementary coverage will resume from the first day of the month following your payment. If your request exceeds the term of one month after your payment, the starting date of your supplementary insurance will be January 1st of the following calendar year. The supplementary insurances will not be automatically reinstated. You have to apply for it.

3.5.6 If we terminate the supplementary insurance on account of the non-timely payment of the owed premium, we have the right to not enter into an insurance agreement with you for a period of five years.

Article 4 Other obligations

You are obliged:

- To ask the doctor in charge of your case to inform our medical consultant of the reason for admission;
- To cooperate with our medical consultant or employees who are charged with the task of ensuring that all the information necessary to fulfil the supplementary insurance is obtained;

You may not agree any arrangement with a third party without our prior, written approval. You must refrain from actions which may harm our interests;
- To inform us as soon as possible of facts and circumstances which are important for correctly fulfilling the supplementary insurance. This includes the starting and end dates of a period of detention, a divorce or separation, moving home, a birth, adoption or a change of bank account. Article 5 Change in premium and conditions

5.1 Change in premium and conditions

We have the right to alter the premium, as well as the terms and conditions, of the supplementary insurance at any time. We will inform you, as the policy holder, of this in writing. Any alterations will be implemented on a date to be determined by us.

5.2 Right of termination

If we alter the premium and/or the terms and conditions of the supplementary insurance in a way which is disadvantageous to you, you are entitled to terminate the insurance agreement up to a month after you have been informed of the alteration with effect from the day that the alteration takes effect. You do not have this right of termination if an alteration to the insurance terms and conditions is a direct result of legal measures, legal regulations or legal stipulations.

Article 6 Start, duration and termination of the supplementary insurance

6.1 Start and duration

The insurance agreement comes into force on the day on which the health care insurance commences or the first day of the calendar year. If you apply for health care insurance from us, then you give us permission to terminate your old health care insurance with a Dutch insurer. This permission also applies to the supplementary insurance. If the supplementary insurance does not have to be terminated, then you must state this on the application form.

The supplementary insurance is entered into for the calendar year in which the supplementary insurance takes effect. After this period has expired, the supplementary insurance will be automatically extended for a period of one calendar year.

6.2 Acceptance for supplementary insurance

6.2.1 Health care insurance

You can agree the supplementary insurance as an addition to our health care insurance, but you are not obliged to do so. Medical selection may be required for the supplementary insurance. Furthermore, an age limit may apply. A supplement to the premium may be applicable in the following cases:

- You did not take out a basic health insurance with us;
- The health care insurer of your supplementary insurance is different from the health care insurer of your basic health insurance.

6.2.2 Family cover

All the people covered by the health insurance policy 18 years of age or older can agree supplementary insurance of their choice. Children younger than 18 years of age cannot receive more extensive insurance than the adult with the most extensive insurance covered by the health insurance policy.

6.2.3 Alterations to supplementary insurance

You can alter your supplementary insurance. The stipulations of 6.2.2 will then apply. The person covered by the insurance policy must inform us of the alteration by no later than 31st December. The change will then become effective as per 1 January 2020 (with retroactive effect if submitted after 1 January). Relating to healthcare subject to reimbursement periods of more than one calendar year, such terms will continue if supplementary insurance policies are amended within Aevitae. This means that any reimbursements paid out previously pursuant to a previous supplementary insurance policy will be transferred to the new supplementary insurance policy. This is subject to the condition that your new supplementary insurance policy covers reimbursement of this service or treatment.

6.3 Termination by law

6.3.1 The supplementary insurance is terminated by law on the day following the day on which:

- The health care insurer is no longer allowed to offer or provide insurance as a result of an alteration or withdrawal of its license to act as an insurance company;
- The person covered by the insurance policy passes away;
- The health care insurer stops offering and providing the supplementary insurance.

You, as insurance policy holder, are obliged to inform us as quickly as possible of the death of a person covered by the insurance policy or of any other facts and conditions concerning the person covered by the insurance policy which have led to or could lead to the end of the supplementary insurance. We will send you proof of termination as quickly as possible once we have determined that the supplementary insurance is terminated or will be terminated.

If the supplementary insurance ends because we stop offering the supplementary insurance concerned, we will inform you, as the insurance policy holder, of this no later than three months before the supplementary insurance ends.

6.4 When can you cancel your insurance?

6.4.1 Annually

The policy holder can terminate the supplementary insurance on 1st January of every calendar year on the condition that we receive notice of such no later than 31st December of the previous year.

6.4.2 Interim

The policy holder may terminate the supplementary insurance in the intervening time in writing:

- In the event of an alteration to the premium and/or the terms and conditions as stated in article 5.2;
- At the same time as when the health care insurance is terminated.

6.4.3 To terminate the supplementary insurance as stated in articles 6.4.1 and 6.4.2, you may also use the termination service provided by the Dutch Health Care Insurers.

6.5 Termination, annulment or suspension of the supplementary insurance

We can terminate, annul or suspend the supplementary insurance in writing:

- On account of non-timely payment of money owed as stated in article 3.5;
- If fraud has been committed (see article 2.4);
- If you have deliberately not provided us with information, have deliberately provided us with incomplete information or have deliberately provided us with incorrect information which is (or can be) disadvantageous to us;
- If you have acted with the purpose to mislead us or if we would not have provided supplementary insurance if we had known the real state of affairs. In these cases, we can terminate the supplementary insurance within two months of discovery with immediate effect. In these cases, we are not obliged to pay any compensation or can opt to reduce the compensation. We can settle any money to be reclaimed with outstanding payments for compensation.
